

# #SecureTogether

## Friends don't let friends go unsecure

Cybercrime Support Network (CSN) is helping #FightCybercrime by providing the information, tools, and assistance needed to help individuals implement better security measures on accounts and devices. **Join us by registering a team to help keep friends and family safe online.**

### How?

1. Rally your employee volunteers to accept the challenge and get started in helping others to become more secure online.
2. Go to [FightCybercrime.org/Secure-Together](https://FightCybercrime.org/Secure-Together) for information about the #SecureTogether challenge.
3. Visit the registration page, powered by Consumer Reports, create a team account and get started!

## What is the program?

Volunteers will partner with coworkers, friends and family members to:

Implement multi-factor authentication

Strengthen their privacy and security settings

Activate automatic updates on devices and browsers

Identify elements of phishing scams

There is no cost to participate in the **#SecureTogether** challenge.

Join us in the effort to #FightCybercrime and you could find your organization at the top of our leaderboard.
